

THE KOREAN GAT, REIMAGINED FOR SKINCARE.

The Korean gat, reinterpreted in OneThera.

◆ HINT ◆

1

Look at the overall silhouette.

The shape may remind you of something.

2

Find the protective structure.

It shields, supports, and surrounds.

3

Notice how light it feels.

It protects without feeling heavy.

OneThera

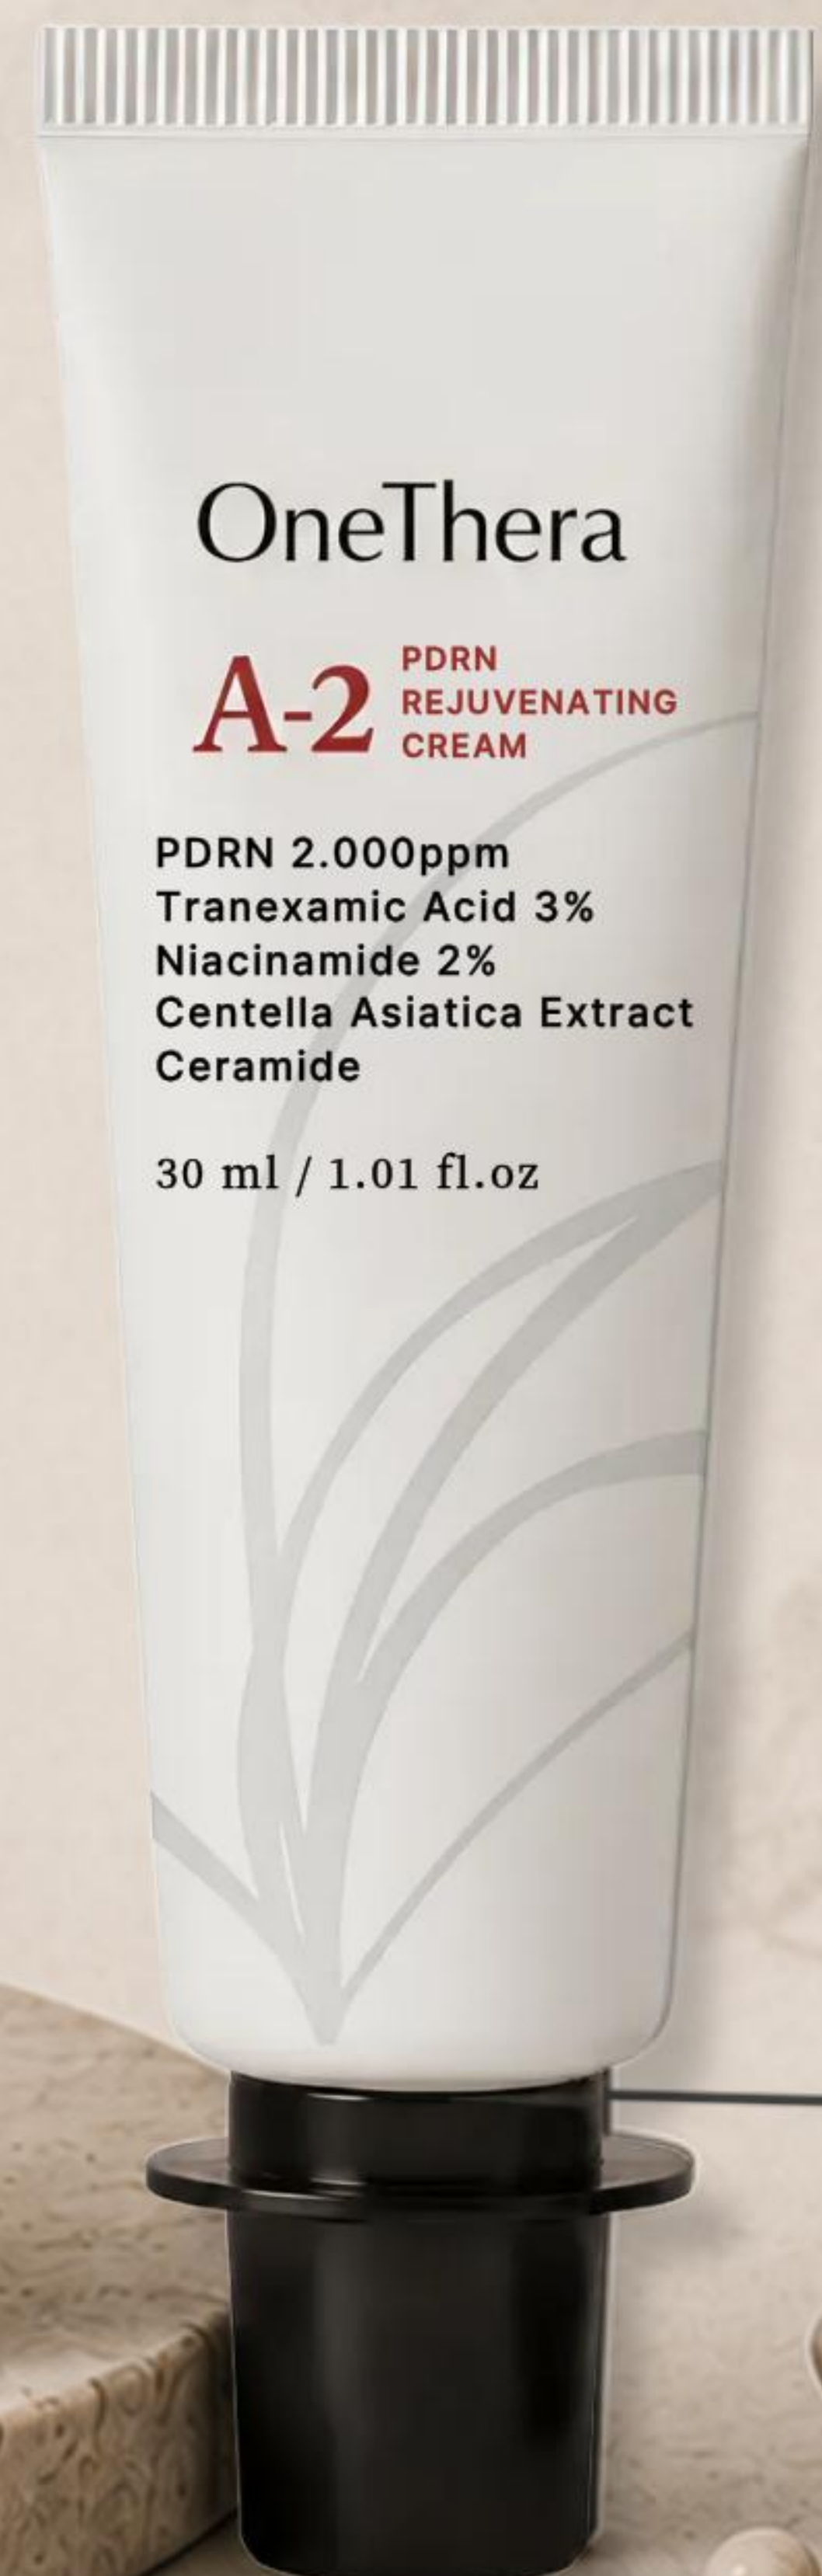

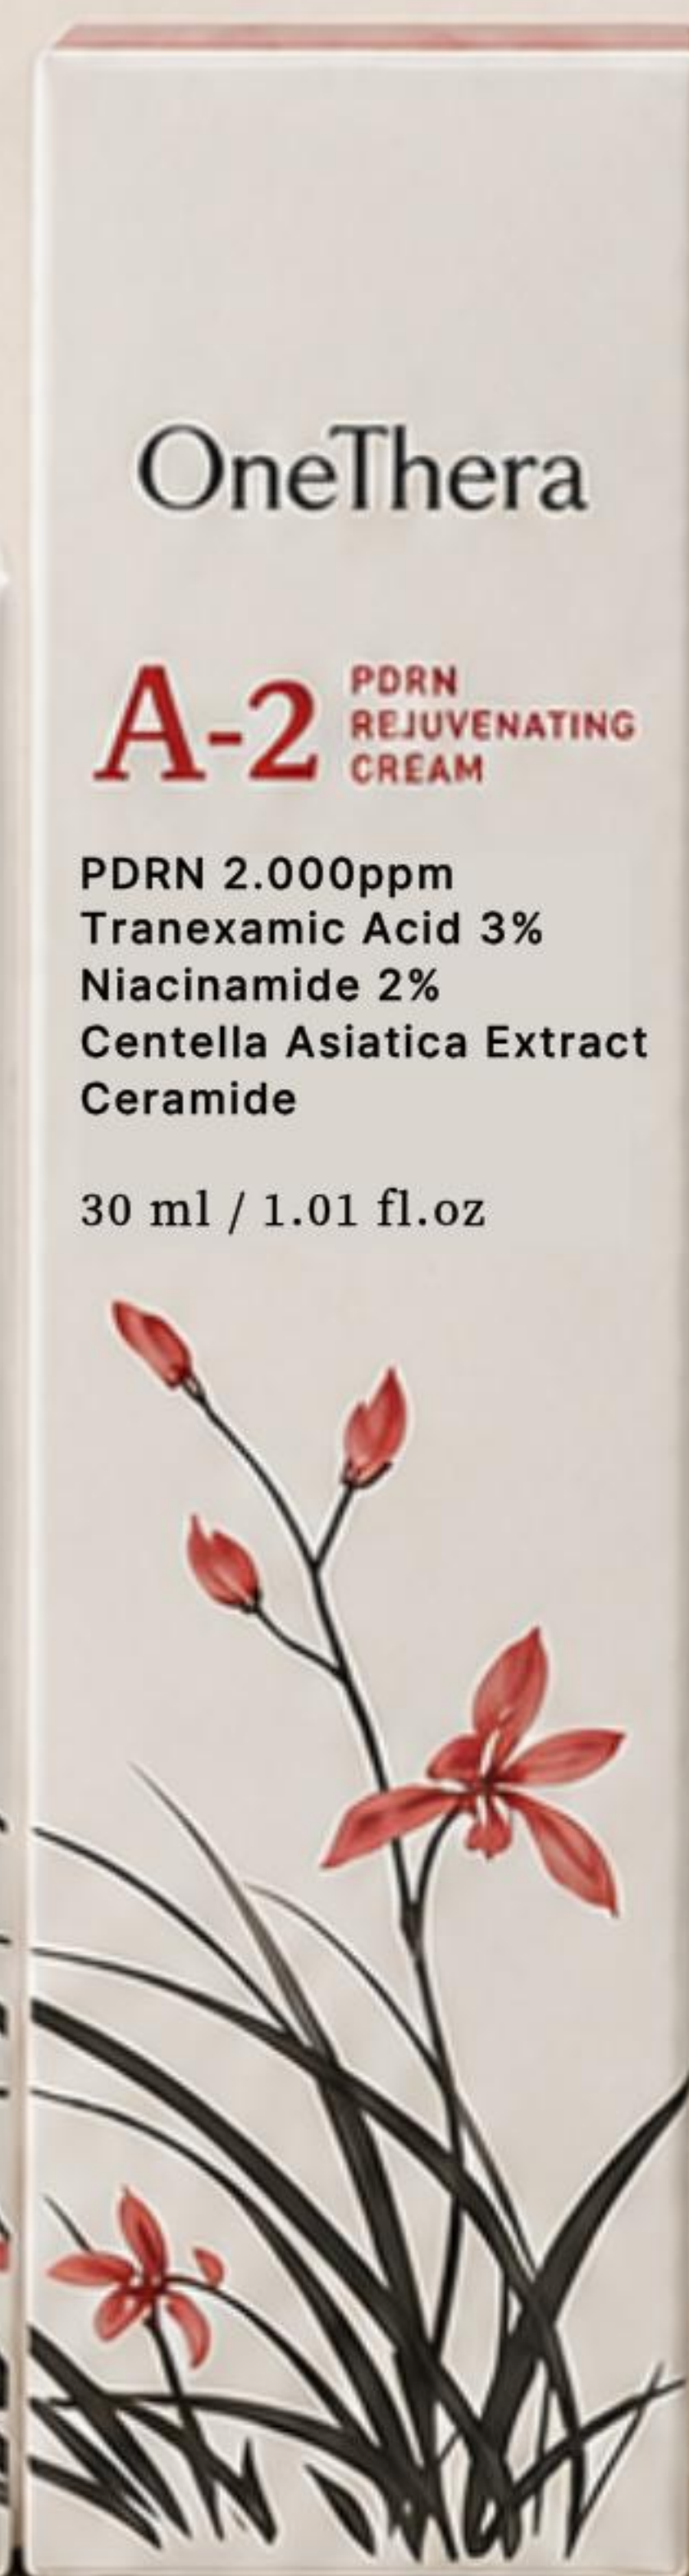

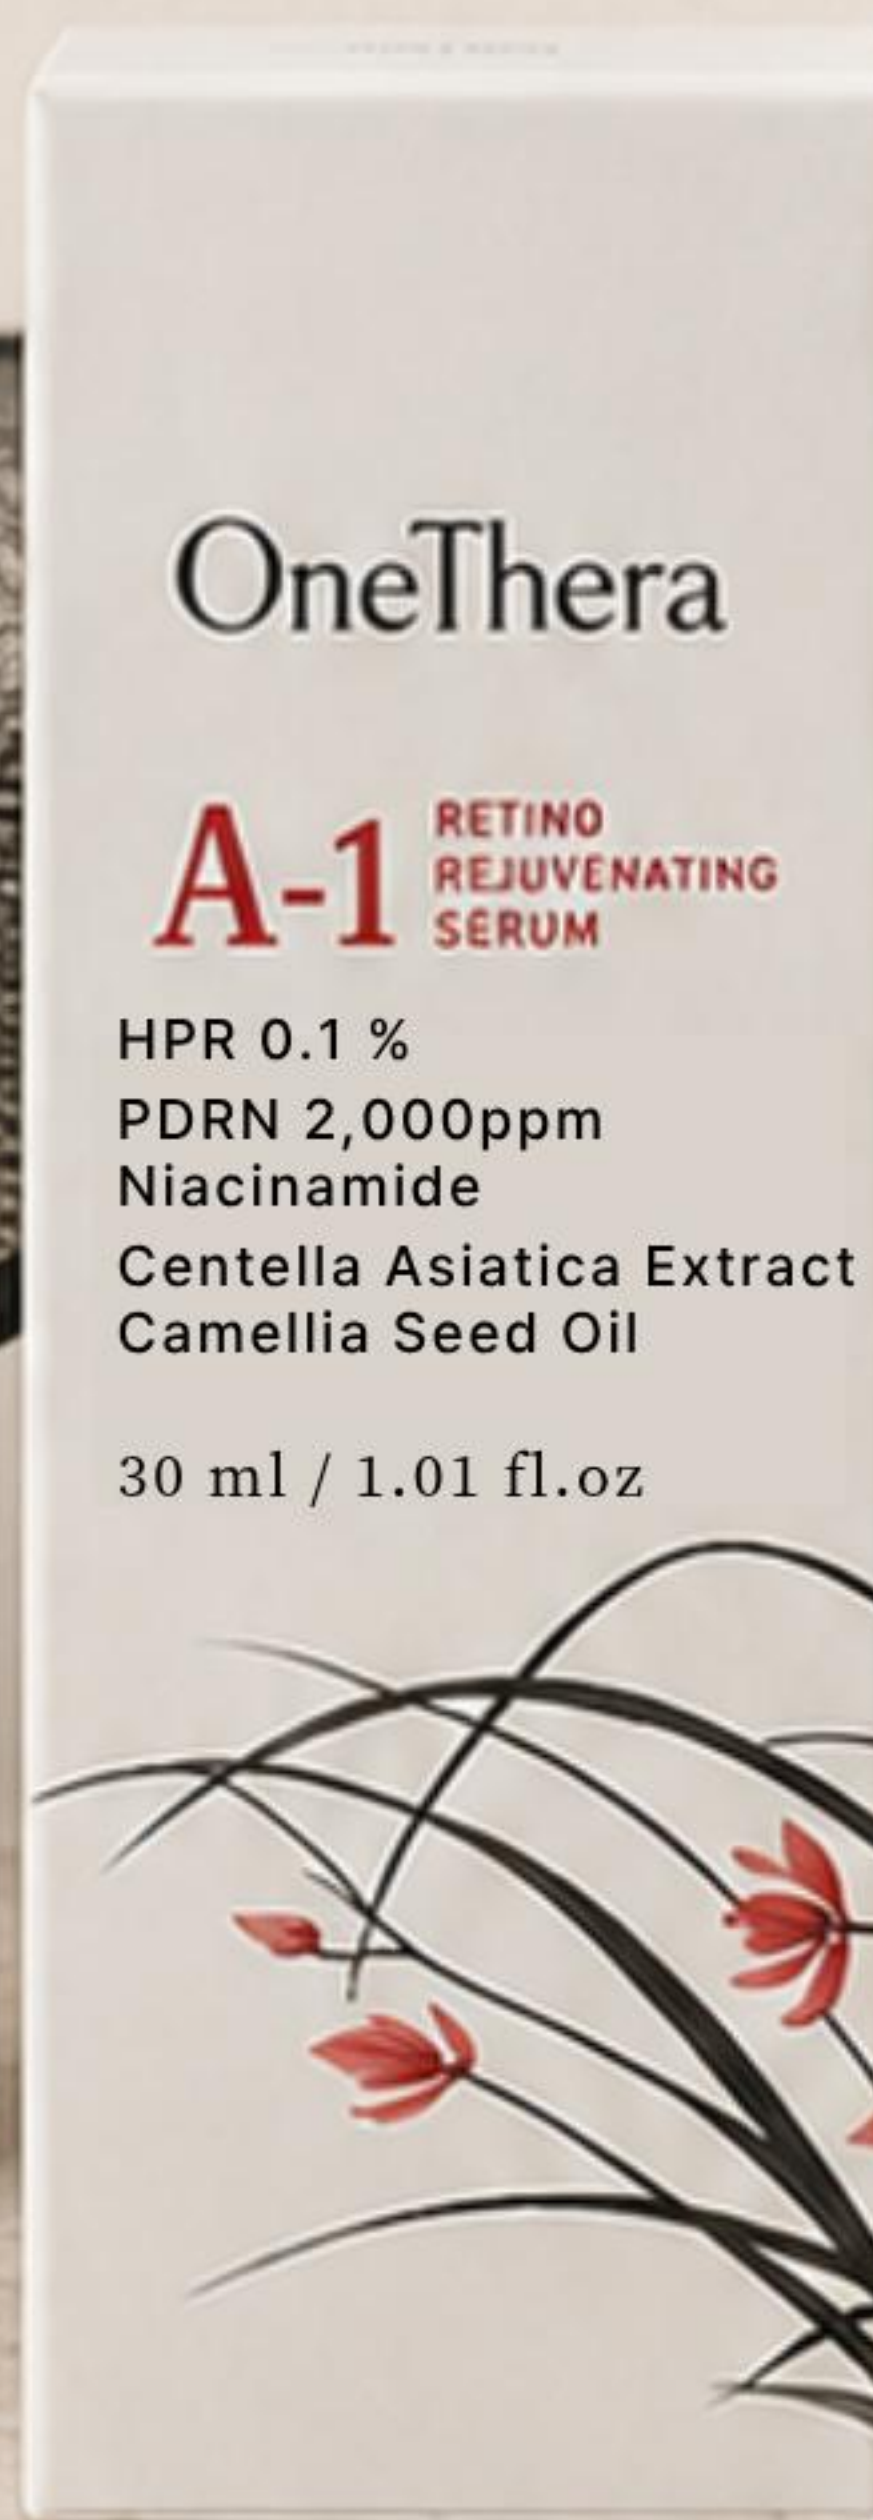

OneThera. One Goal. Zero Irritation.

Developed by Pharmacists

Effective skincare should never require pain.

🌸 Gat-inspired cap

A modern silhouette drawn from tradition.

Awaken Skin with **A-1**. Skin Refresh with **A-2**.

• Minimized irritation. Maximized comfort.

• Radiant, comfortable-looking skin

A-1

Next-gen HPR potency, refined.
Overnight care, gentle on sensitive skin.

A-2

PDRN-powered recovery. Helps skin look visibly refreshed and revitalized.

The formula began inside a pharmacy.

15K+ customers visited our pharmacy every month asking the same question:

- ✓ Retinol feels too harsh.
- ✓ Most retinol products can't be used daily.
- ✓ Retinol often has a strong odor.

We listened to those concerns and developed a pharmacist-formulated solution.

The problem was never retinol — it was the formula.

- HPR + barrier-supportive ingredients
- Gentle enough for everyday use
- Built by pharmacists

Non-Irritant Test Result

Our Promise to Give Back

As we grow, we plan to dedicate a portion of our proceeds to women's health.

Our Donation

Supporting Women's Health

As our brand grows, we aim to support programs dedicated to women's health and well-being.

- Screening and early detection support
- Treatment and recovery assistance
- Emotional and family support

Sanitary Product Giving (Planned)

We plan to donate sanitary products to support women's health and help create a cleaner, more dignified daily life.

- Support for women and girls in need
- Improved access to hygiene products
- Better health and well-being
- Support for healthier daily living
